

To Whom It May Concern:

This letter is written to document my experience with Cerami and Browning Construction Company. As an Architect involved with institutional construction I have had the good fortune to have the Cerami and Browning Construction Company as successful bidders on several of my projects. I have known this firm for over 18 years and have completed over \$19,000,000 worth of construction with them serving as General Contractor.

Cerami and Browning is a well managed, responsive and dependable company. They have extensive experience with institutional construction and the complexities and legalities that accompany the work. Our recent work with the firm was completed successfully and professionally. I would not hesitate to work with them in the future.

Please consider this letter a hearty recommendation of their firm and my personal endorsement of their abilities.

Respectfully,

Dan S. Rossetto  
Nichols, Melburg & Rossetto
